

Business Partner Program

NeonLink is the industry leader in helping utilities improve customer experience and raise customer satisfaction. We do this by providing industry leading tools to communicate with your customers. Give your customers the tools necessary to take control of their accounts. Your customers will be able to manage auto-pay, paperless settings, view old and new statements and view historical information. Our system is ala-carte so you can pick and choose what you need. For more information please call 801.432.0161 or go to www.neonlink.com
